

THE RETROFIT POWERED SOLUTION

THE POWERED CASTER EXPERT IN MOBILITY SOLUTIONS

TRANSFORMS MATERIAL HANDLING

with electronically assisted mobility that reduces strain, minimizes fatigue, and helps lower the risk of injury.

EMPOWERS OPERATORS

to move heavy loads with greater ease, precision, and confidence—driving productivity while supporting a safer, more sustainable workforce.

INTEGRATES SEAMLESSLY

as a retrofit-powered drive that works with existing carts, workflows, and facility layouts—eliminating the need for new equipment while minimizing operational disruption.

Contact your Regional Sales Manager to discuss a CG Power configuration that meets your needs.

SYSTEM COMPONENTS

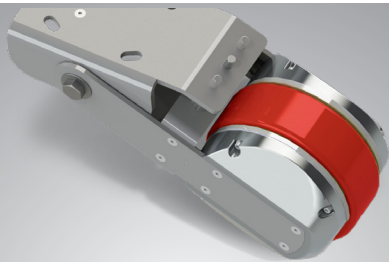

CG POWER CONTROLS

The compact bolt on design of the control box and the integrated quick swap battery, make it incredibly simple to implement.

CG POWER FIXED CASTER

The fixed wheel is a perfect option for easily converting an existing product into a powered unit by changing out a single caster with the CG Power Fixed Caster.

CG POWER 5th WHEEL

Easily add powered drive to a cart with exceptional mobility as the four corner casters isolate the drive wheel from the weight and shock of the load.

CG POWER RETRACTABLE DRIVE

Engage and disengage the drive wheel with the push of a button, giving you the option of switching from manual drive to powered drive, and back.

BATTERY BOX SPECS

Part Number	Description	Dimensions
CPI48C0401B003	Vertical Mast Controls - Retractable	20"w X 24"h X 10"d
CPI48C0501B004	Horizontal Controls - Retractable	21"w x 7"h x 10"d
CPI48C0401B004	Vertical Mast Controls - Fixed & 5th	20"w x 24"h x 10"d
CPI48C0501B003	Horizontal Controls - Fixed & 5th	21"w x 7"h x 10"d

BATTERY SPECS

Part Number	Description	Dimensions
CPB4810L401	10 Ah. Battery Lithium Iron Phosphate	3"w x 4 ½"h x 10"d
CPB48CH0110	Charger: Lithium Iron Phosphate Battery (10Ah)	4"w x 7"h x 2"d
CPB4820LI01	20 Ah. Battery Lithium Ion	3"w x 4 ½"h x 10"d
CPB48CH0120	Charger: Lithium Ion Battery (20Ah)	4"w x 7"h x 2"d

POWERED WHEEL SPECS

Part Number	Description	Wheel Size	Capacity	Top Plate	Bolt Pattern
CPWPB0602FX002	Fixed Power Caster	6"	1,000 lbs	4" x 4½"	3" x 3"
CPWPB0602FW002	5th Wheel Power Caster	6"	1,000 lbs	4" x 4½"	3" x 3"
CPWPB0602RT002	Retractable Power Caster	6"	1,000 lbs	8¾" x 21"	7¾" x 14"
CPWPB0802FX002	Fixed Power Caster	8"	2,000 lbs	4" x 4½"	3" x 3"
CPWPB0802FW002	5th Wheel Power Caster	8"	2,000 lbs	4" x 4½"	3" x 3"
CPWPB0802RT002	Retractable Power Caster	8"	2,000 lbs	8¾" x 21"	7¾" x 14"
